Kneading:

Previene le lombaggini, allevia la tensione della schiena e della cervicale, stimolando con una lieve pressione tutti i muscoli della parte interessata.

Stretching:

Allevia le tensioni muscolari, combatte lo stress e migliora la respirazione effettuando uno stiramento dei muscoli lungo tutta la colonna vertebrale.

Tapping:

Riduce le tensioni, elimina la stanchezza e riattiva la circolazione grazie ad un movimento più diretto, che stimola punti della schiena dove solo un ottimo massaggiatore può arrivare.

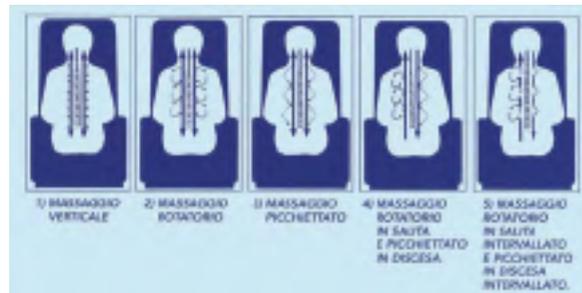

Casa[®] Bella
